It's kind of like the Tinder of the puzzling world. . . non-committal, but still pretty challenging. ? 750 (small) piece rectangular puzzle. ? Reed Evins As a child in his father?s shoe factory, Reed Evins often played with shoe ornaments and pieces of leather. He quickly realized he had his own creative vision, and that with his hands, he could create anything. During his career as a shoe designer, scissors became instrumental in cutting paper patterns. Reed applied this skill to his original art, and inspired by his love of dogs, created his first hand-cut dog portrait. Word spread, and he was able to assemble an extensive portfolio of commissions.

Art.Nr.: GA 81353
500 Teile Puzzle VPE 1 Stück Frank Lloyd Wright Imperial Hotel 500 Piece Book Puzzle by Galison, by (artist) Frank Lloyd Wright Foundation This Frank Lloyd Wright Puzzle features the multitude of patterns and designs on a painted and partially carved Oya stone mural for the Imperial Hotel in Tokyo. Designed between 1912-1922, the Imperial Hotel put Frank Lloyd Wright on the map as a nascent global architect. The Hotel immediately became an important landmark when it survived the great Kanto earthquake the first day the hotel opened its doors in 1923. For decades the Hotel served as an architectural icon for the city of Tokyo until it was demolished in 1968. Fortunately, the main entrance and the Hotel lobby were preserved and reconstructed at the Museum Meiji-mura, an open-air architectural museum and theme park near Nagoya in Aichi prefecture, Japan. The designs on this puzzle are portions of a painted and partially carved Oya stone mural for the Imperial Hotel in Tokyo. Wright saw Oya, a native igneous rock, used in Japan, was intrigued by its mottled quality, and had it carved in a multitude of patterns for the highly ornamented hotel.

80s Jigsaw -500 Teile Puzzle
Art.Nr.: SSB 1747
500 Teile Puzzle für alle Fans der 80er Jahre VPE 1 Stck Größe 45,8 x 61,0 cm illustrated by Niki Fisher In 80s Icons, the 500 pieces tesselate to reveal an intricately designed collage of pop cultural classics. Any millennial will say that the 90s were the best decade, but what do they even know? In the 80s, the Brat Pack was in every movie, and we could work out with Richard Simmons. Madonna and Boy George were fresh on the scene, and it was possible to waste our whole day with Atari or acid washing all of our denim. Our hair was bigger, our legs were warmer, and Matthew Broderick was busy making us swoon in cinemas. For anyone without access to a DeLorean, this is one of the best ways back to a better era. For the full immersive experience, blast your favorite Madonna album while you're doing the jigsaw. Author Bio Niki Fisher is an artist and designer living in the skiing hub of Jindabyne, Australia. He quickly realized he had his own creative vision, and that with his hands, he could create anything. During his career as a shoe designer, scissors became instrumental in cutting paper patterns. Reed applied this skill to his original art, and inspired by his love of dogs, created his first hand-cut dog portrait. Word spread, and he was able to assemble an extensive portfolio of commissions.

Sensing Colors - 1000 Teile Puzzle
Art.Nr.: GA 80585
1000 Teile Puzzle VPE 1 Stück Sensing Colors by Jessica Poundstone 1000 Piece Puzzle by Galison, by (artist) Jessica Poundstone Our Spring 24 Sensing Colors 1000 Piece Puzzle features an image from Jessica Poundstone's Hyperspectral Sensing art series. This series borrows the language of electromagnetic and hyperspectral (can't be seen by the human eyes) imaging to remind us that many things are very real that we cannot see or explain. Feelings, intuitions, visions and vibes are beautiful facts. Jessica Poundstone's work is informed by color sensation, minimalism, and experiential 'light and space' art movements. Her process of creation is very intuitive and her aim is to provide the viewer with a portal of sorts - a reminder of the endless possibilities that life has to offer and a visual invitation to get more deeply attuned to the joy, adventure, and wisdom that comes with exploring who we are and who we might become. "I believe art is part of a self-care practice that changes the way we see, think & feel - and ultimately changes us." Poundstone's work has been featured by Anthropologie, the San Francisco Museum of Modern Art, Designlovefest, and more. The artist currently lives and works in Portland, Oregon.

Art.Nr.: MUS CJ900093

1000 Teile Puzzle
VPE 1 Stück
Claude Monet (1840-1926)
Seerosenserie, ca. 1914-1926; Morgen
Paris, Orangeriemuseum
Les Nymphéas, eine Serie von mehr als 250 Werken, gemalt von 1914 bis 1926, stellt eine Wasserlandschaft dar, die mit Seerosen, Weidenzweigen, Spiegelungen von Bäumen und Wolken übersät ist. Laut Monet sind sie ?die Illusion eines endlosen Ganzen, einer Welle ohne Horizont und ohne Ufer?. Die Monumentalität und das Fehlen jeglicher menschlicher Figur verleihen den Seerosen einen abstrakten Charakter in diesem oft als beunruhigend empfundenen Ausdruck des Impressionismus.
Die Seerosen wurden am Tag nach dem Waffenstillstand vom 11. November 1918 von Claude Monet an Frankreich geschenkt und 1927, wenige Monate nach seinem Tod, nach seinen Plänen in der Orangerie aufgestellt.
Die acht Kompositionen sind in zwei aufeinander folgende ovale Räume unterteilt, die über das verglaste Dach natürliches Licht erhalten und entsprechend dem Sonnenverlauf und einer der Verkehrsachsen von Paris von West nach Ost angeordnet sind. entlang der Seine.
Die beiden Ovale erinnern an das Zeichen der Unendlichkeit, während die Gemälde den Lichtzyklus eines Tages entfalten.
Puzzlegröße 68 x 49 cm
VORSICHT Nicht für Kinder unter 3 Jahren geeignet.

In A Sunday on La Grande Jatte?1884, Georges Seurat captured the Parisian bourgeoisie at leisure, complete with a monkey on a leash and a fashionable woman fishing the Seine. With formal structure and a decidedly motionless quality, his influential painting stepped away from Impressionism?s fleeting imagery and broke ground for Neo-Impressionism. Edward Gorey - Drop Curtain - 1000 Teile Puzzle
Art.Nr.: PM AA1155
1000 Teile Puzzle in der Box VPE 1 Stück Edward Gorey is beloved for the boundless imagination and sharp humor exhibited in his more than 100 published works. His profound affection for literature, film, ballet, and storytelling are on display in this puzzle, adapted from a black-and-white drop curtain designed and used for the 1992 Philadelphia and Cambridge productions of Amphigorey: The Musical, which Gorey both wrote and designed the sets for. In this illustration, lackadaisical Edwardian characters lounge across the curtain in a fantasy that could only come from the strangely-wonderful mind of Gorey himself. ? Art.Nr.: PM AA1159
1000 Teile Puzzle in der Box VPE 1 Stück French artist Pierre-Auguste Renoir expertly captures the ideals of Impressionism in his painting Dance at Bougival. Renoir sought to capture the day-to-day experiences within his paintings, and this piece is no exception. In a different time, the image could be a photograph taken to preserve the moment, from the flush of the woman?s cheeks to the used matches and small bouquet abandoned on the floor. Spend the day at an open-air café in the Parisian suburb of Bougival, thanks to the intricate details within the scene on this 1000-piece puzzle. ? Peter Aschwanden - The Exploded Beetle/ Der zerlegte Käfer - 1000-Teile Puzzle
Art.Nr.: PM AA1160
1000 Teile Puzzle in der Box VPE 1 Stück Enter the garage and freewheeling mind of Peter Aschwanden. But step lightly lest you disturb the ongoing maintenance. In the mid-1960s, illustrator Aschwanden created something unique and bewildering: every bolt, nut, clamp, gasket, and piston of a ?60s Volkswagen Beetle removed from its carapace and carefully set aside? well, nearly every piece. There are only three tires in the frame, some parts are from different years, and so far no one has found the keys, but give credit where it is due. This legendary counter-culture artist knew the interior workings of a VW Bug by heart. So much so that The Exploded Beetle appeared in the book How to Keep Your Volkswagen Alive: A Manual of Step-by-Step Procedures for the Compleat Idiot, first published in 1969. Get to know one of the world?s most recognizable cars like never before when you assemble this 1000-piece puzzle. ? Gather with family and friends for puzzle-piecing together! ? Frank Lloyd Wright - Hillside Curtain - 1500 Teile Puzzle (mit Goldfolienprägung)
Art.Nr.: GA 81339
1500 Teile Puzzle VPE 1 Stück Frank Lloyd Wright Hillside Curtain 1500 Piece Foil Puzzle by Galison, by (artist) Frank Lloyd Wright Foundation This Frank Lloyd Wright Puzzle features the remade curtain design portraying the rural landscape of Wisconsin's Wyoming Valley, with Taliesin overlooking the Wisconsin River as it flows past the barns and fields. Based on the success of our bestselling 1000 piece Frank Lloyd Wright foil puzzles, we are introducing Wrights Hillside Curtain design as a foiled 1500 piece puzzle. When the Hillside Theater at Frank Lloyd Wright's Taliesin home burned in 1952, the main stage curtain created in 1932 was lost. During the 1952 reconstruction of the theater at Hillside, Wright drew a new curtain design portraying the rural landscape of Wisconsin's Wyoming Valley, with Taliesin overlooking the Wisconsin River as it flows past the barns and fields. Hand made by the Taliesin Fellowship, the curtain was presented to Wright on his eighty-ninth birthday in 1956. The final product is a quilt design incorporating simple rectangular and triangular felt and lame forms and various types of yarn and cording.
